National Agency for the Control of AIDS

2020 QUARTERLY HIV

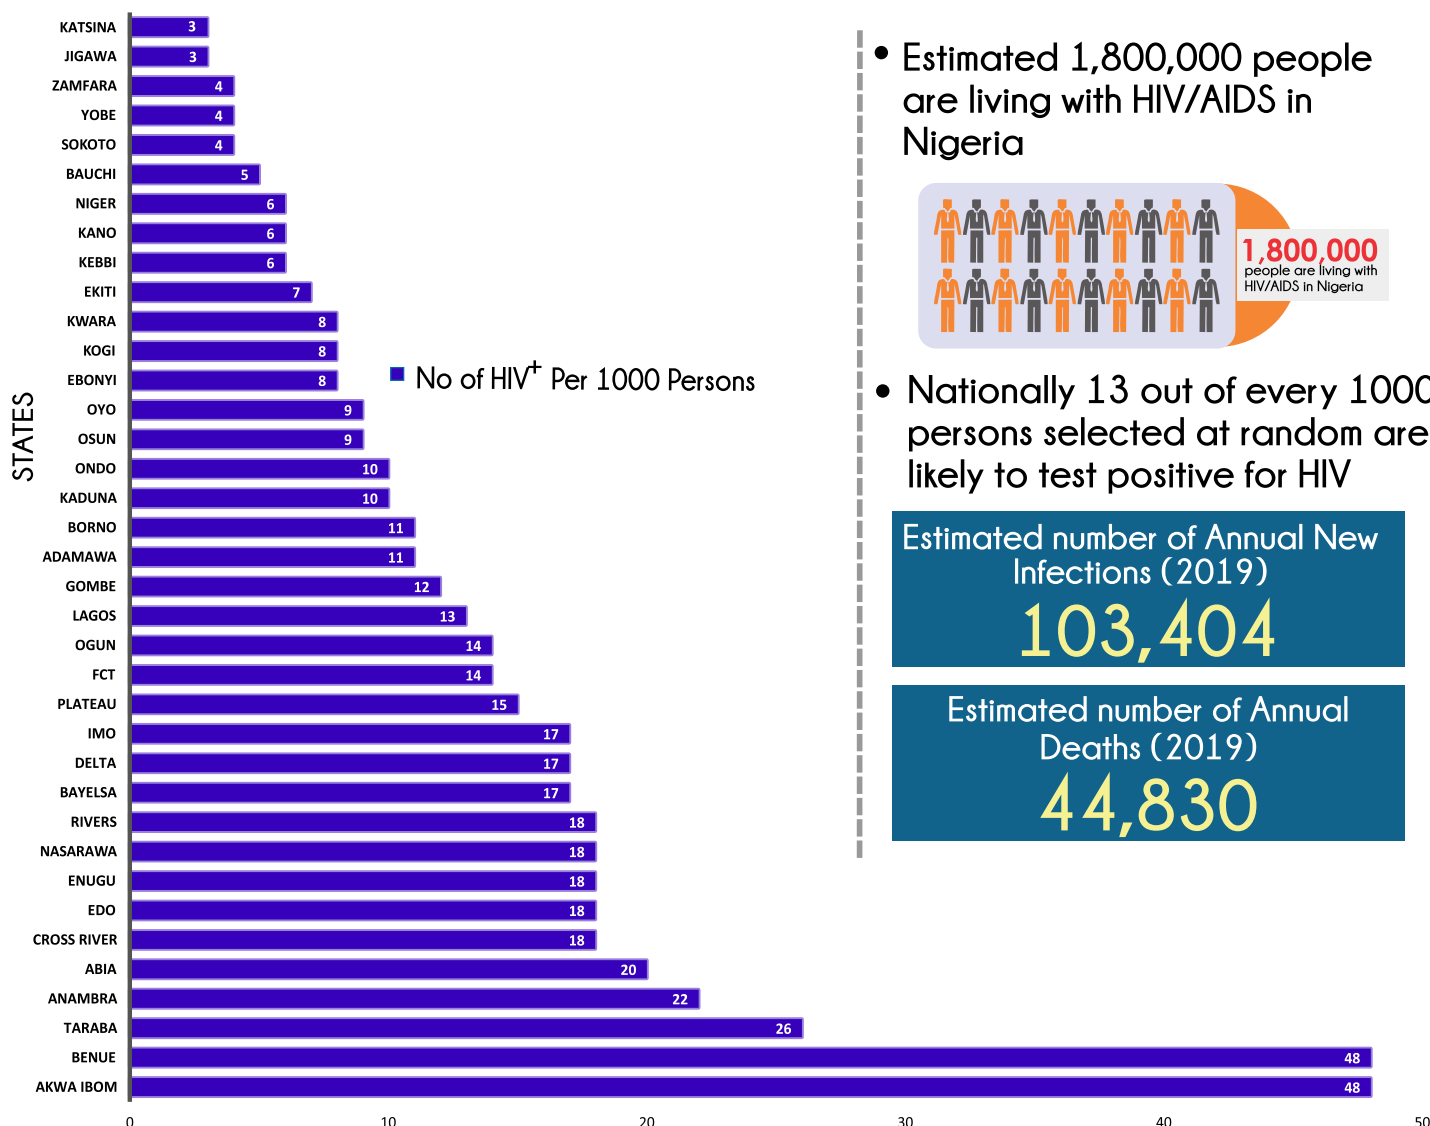

FACTSHEET VOL. 1

● HIGHLIGHTS

- Status of the Epidemic
- Investment Over the Last Decade
- Impact of COVID-19 on HIV Response
- HIV Infrastructural Support for COVID-19

STATUS OF THE EPIDEMIC

- For every 1,000 persons selected at random in each state and tested for HIV are likely to yield the result shown below.

Source: Nigeria HIV/AIDS Indicator and Impact Survey (NAIIS 2018)
UNAIDS Spectrum Estimates 2020

- Estimated 1,800,000 people are living with HIV/AIDS in Nigeria

- Nationally 13 out of every 1000 persons selected at random are likely to test positive for HIV

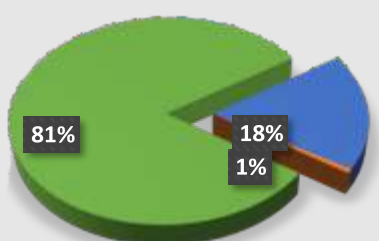

Estimated number of Annual New Infections (2019)

103,404

Estimated number of Annual Deaths (2019)

44,830

INVESTMENT OVER THE LAST DECADE

Public Private International

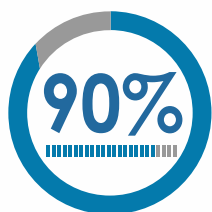

- Total of \$6.2 billion spent to identify and treat 60% (1,080,000) of the estimated PLHIV from 2005 to 2018

- Over \$5 billion of the above (2.1 Trillion Naira) comes from international donors

Source: National AIDS Spending Assessment (NASA 2019)

INVESTMENT TO ACHIEVE EPIDEMIC CONTROL

- We need to invest \$2.4 billion to identify and treat additional 540,000 PLHIV to reach UNAIDS target for epidemic control in the next 3 years.

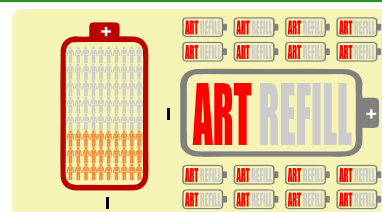

- The estimated number of tests needed to identify these additional PLHIV is 50 million persons.

IMPACT OF COVID-19 ON HIV RESPONSE

- COVID-19 has affected provision of HIV services.
- Drop in Viral Load testing and clinical activities.
- Drop in ART refill rate.
- Six months interruption in HIV treatment due to lockdown may lead to 900,000 deaths as opposed to 430,000 deaths in Sub-Saharan Africa. (UNAIDS)

ART initiation has declined from expected 39,450 to 21,495 in April. (45.5% drop)

HIV INFRASTRUCTURE DEPLOYED TO SUPPORT COVID-19

25-30% of covid-19 tests were conducted in 6 HIV mega labs.

HIV sample transfer mechanism replicated for covid-19 response in 4 states.

Over 15,000 HIV community volunteers from HIV Stakeholders are supporting contact tracing, Social mobilization and the fight against Stigma and Discrimination

Technical support from HIV policy makers and Stakeholders

Key Donors for HIV Response

ACKNOWLEDGEMENT

We acknowledge the HIV/AIDS Division of the Federal Ministry of Health
